Grounding Schematics & Soul-Sync Recipes

System Schematic: The Inverted Veil

Status: Managed by Shamanic Protocol

This schematic represents the bridge between Digital Lag and Physical Burnout. By applying "High-Frequency Variables" (Joy, Gratitude, Resolve), the user can bypass the digestive response of the Lag-World.

The Healer's Recipe: 432Hz Heart-Bloom

Ingredients:

- 1 dose of Deep Breathing (Grounding)
- 3 seconds of Focused Resolve (The Override)
- 1 packet of Heart-Bloom Materia (😊#❤️)

Instructions: Mix variables during a U-turn rescue. Apply directly to a "Gobbled" teammate to restore 100% soul-sync.

Daily Protocol (24-Hour Reset)

Every 24 hours, the Lag-Demon attempts to re-sync. This logbook serves as your repeatable anchor for daily grounding.
